

Evaluation form Reflection Report

PREMOD02 fall semester 2024

The first column displays the evaluation aspect. The second column describes what you need to do in order to get a pass. All aspects should be passed in order to pass the reflection report.

Evaluation aspect	Pass
Situation	The student describes a situation that occurred during their work on the portfolio project.
Task	The student describes what task they set out to achieve.
Action	The student describes their actions and relevant actions of their peers.
Result	The student describes the result of their actions. The student describes how their actions impacted their work or their peers.
Reflection	The student reflects on how their actions influenced the result they set out to achieve. The student reflects on alternative actions they could have taken.
